

The Basel Area Biotech & Pharma Ecosystem

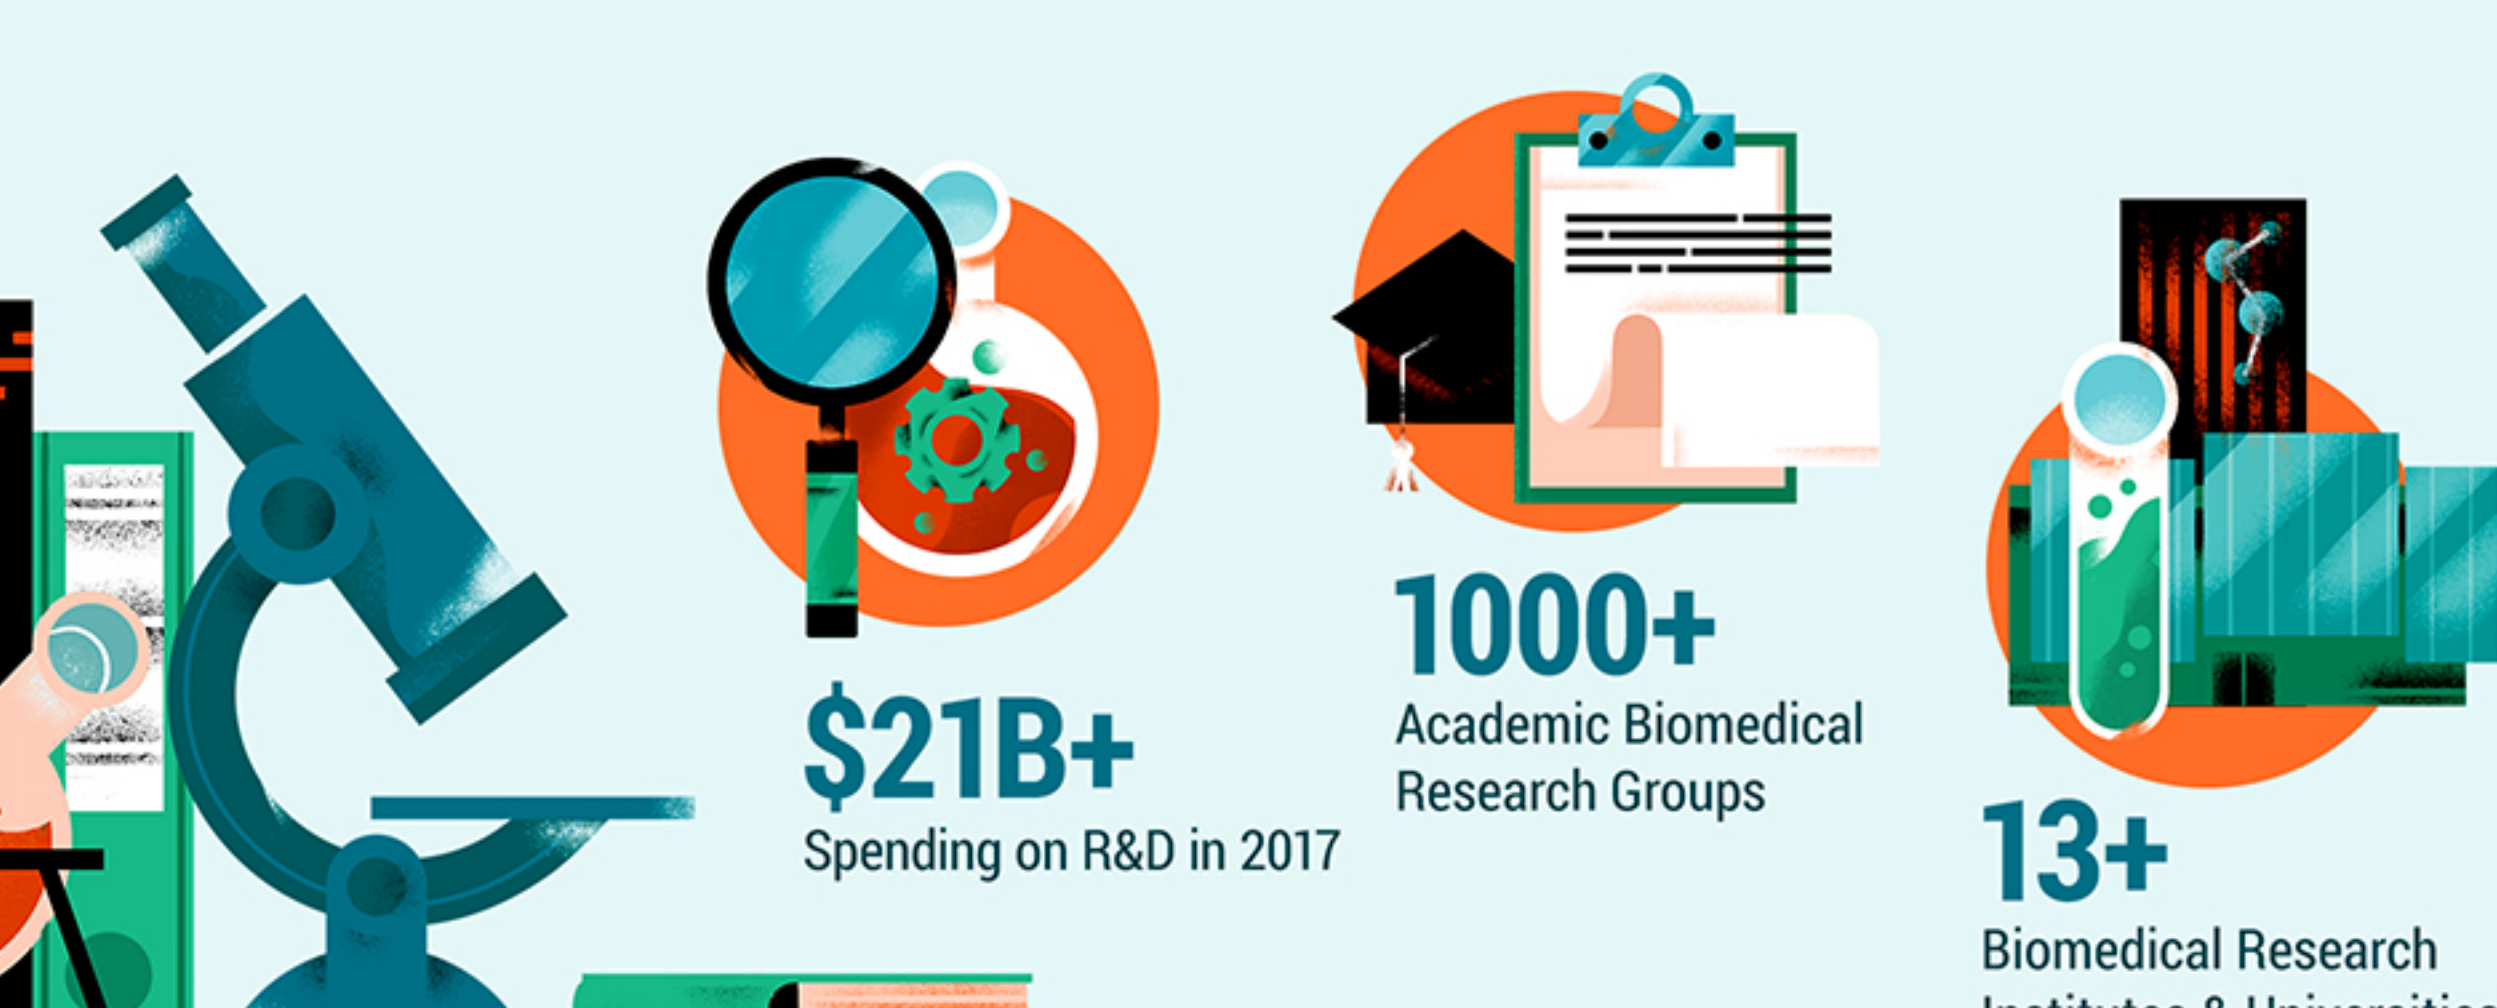

Strategically located at the borders of France and Germany, the Basel Area has one of the world's leading life sciences ecosystems. Here, large global pharma players, world-class biomedical research institutions, a booming industry, and a variety of venture capital firms form the perfect breeding ground for the creation of new companies, ideas and scientific breakthroughs.

Become the next biotech success story!

Get in touch at baselaunch.ch

BaseLaunch was launched in 2017 as an initiative of BaselArea.swiss, the innovation and economic promotion agency for the region of Basel. BaseLaunch supports carefully selected ventures with non-dilutive grant funding, no strings attached access to its Healthcare Partners, knowledge from highly experienced advisors, as well as a state-of-the-art infrastructure.
